

“That the City Manager is hereby directed to reprogram the remaining \$47,700,000 1998 Bond Propositions funds for the Trinity Lakes and Trinity Parkway projects consistent with and as contemplated by the 1998 Bond Proposition 11 so as to (i) prioritize development of the parks, lakes, and flood control efforts contemplated in the Balanced Vision Plan and (ii) limiting the use of these specified funds to the development and feasibility of the Dream Team / Beasley Plan presented to the Council in April of this year and precluding the use of these specified funds for any development of a road that is greater than the four lane parkway to access the parks developed and meet transportation needs.”
